Please ban the use of battery cages for hens. Please ensure all animals, including chickens, are raised with a high quality of life. The industry will not lose money & it has been proven time & again that people are willing to pay the higher price if they know the animals have not been subject to a torturous life.

Please don't put money before lives. Please demonstrate compassion for all life, especially those who have been sacrificed or are being used for the benefit of the human species.
