**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Ms Marilyn Mills

Date Received: 5 July 2019

This is the 21st century and Australia is a forward thinking and moving country. We can have eggs without this unnecessary cruelty and without living in the past. The Australian people care about where their food comes from and how it is brought to their table. Banning hens in cages is not only the right thing to do, it is the future. I, along with millions of Australians want to live our lives in the most humane way possible. Ban the cages and show the Australian people that you are listening. Ban The Cage.
