**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Name suppressed

Date Received: 5 July 2019

I would like to ask you to please strongly consider enforcing a ban on or barn laid and caged egg laying chickens.

There is absolutely no humane way to keep hens confined to cages or barns for their entire lives, no matter how big the cage or barn is.

Hen's need to get out in the grass, forage and get fresh air and sunlight.

Giving them a good, natural lifestyle is the kindest thing we can do, if we are going to continue to breed them to lay eggs for us humans.

Kind Regards
