

**Submission  
No 274**

**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN  
THE EGG PRODUCTION INDUSTRY**

**Name:** Mr Ben Croll

**Date Received:** 8 July 2019

---

Dear Committee members,

Please ban the use of battery cages. At the very least ban any further investment in new cages or any other material that will extend their use. The reasons should be obvious to any normal person.

You should also consider putting any owner or user of battery cages on a police watch list as they clearly have psychopathic traits.

Thank you for considering my submission. I look forward to seeing decisive action from the NSW Government on this issue.

Kind regards,  
Ben Crpll
