Not in the dark ages!!

Morning,

Could you please tell me are you working on or are there already plans to stop these creatures from living in these appalling conditions?

We are not in the dark ages, nor should any animal have to suffer to produce food for us... This is not acceptable for any reasoning other than all creatures deserve to live their lives well, just like US and to be treated with the UTmost Respect and Dignity..

Don't care or want to hear of what kind of animal it is, ALL CREATURES deserve a good life, especially in this case as THEY ARE provided us with a food source!!

I really do hope and wld like to hear from you if there are (or already) plans in the making...

Thankyou

Paula
