**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Mr Mark Andre

Date Received: 27 June 2019

Please help the hens who don't deserve this treatment

Having obtained my own hens I soon realised how dependent they are on dust bathing, scratching about and doing things they are deprived off by locking them up in a 2ftx2ft cage 24 hrs per day 365 days per year

Please have the heart to stop this dreadful industry

Best Regards

Mark Andre
