**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN  
THE EGG PRODUCTION INDUSTRY**

Dear Committee members,

The use of battery cages in NSW is discussing. I can not process how someone would think that it's ok to keep doing this just for eggs.

I believe that people honestly wouldn't mind spending double \$\$ on eggs (making them free range, more work, more money).. when it is the right thing to do morally.

Kind regards,

Lily H
