**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Mr Phil Khoury

Date Received: 19 July 2019

Dear Committee members,

Please accept my views on the use of battery cages in NSW.

Animal welfare is very important to me and I am disgusted that the blind pursuit of the cheapest possible eggs is still done off the back of cruel treatment of hens.

Treat living things with respect. Treat the food chain with respect. Listen to the science. Listen to the community.

Thank you for considering my submission.

Regards

Phil Khoury
