

**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Hi,

As an Australian, I am requesting the government to step up and provide protection for koalas and native species in Australia. We are losing so many species at an alarming rate due to deforestation and development.

In the next 20 years kids will not be able to see some species due to extinction, they will only read about them like dinosaurs. We are in a position right now to make a change and allow humans to co exist with all creatures.

Let's show the world what Australia can do.
