**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Ms Kay Podmore

Date Received: 8 July 2019

Koalas are under major threat due to habitat loss here in NSW so we must make sure that the whole of NSW Parliament listens and acts to protect our precious #native animals.

I want my voice heard to say we must save the Koalas. What a tragedy it would be if they became extinct. Please do everything you can to save them
