

**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Koalas are under huge threat. We have taken over their habitat and they are now threatened. What was once iconic and a tourist draw is now threatened and. A shameful part of our history. Land clearance for cattle grazing and new roads is at such a pace that our kids will not experience Australian wildlife which we take for granted. Please do not allow future contracts affect our iconic animal and spend funds on koala sanctuaries which are for the benefit of leaving them in peace.
