

**INQUIRY INTO OPERATION AND MANAGEMENT OF  
THE NORTHERN BEACHES HOSPITAL**

**Name:** Mr Michael Searle

**Date Received:** 22 July 2019

---

I would like to comment on the new Northern Beaches Hospital. I find whenever I talk to local friends, that the hospital has become a real talking point.

The reasons being:

the waste of good money on something which doesn't seem to work, has had very negative feedback from public outpatients when they go to receive treatment. As a long time northern beaches resident, and talking with other local people, friends and neighbours, the conclusion seems to be that it is not money well spent as it has turned out to be a dud.
