

**INQUIRY INTO OPERATION AND MANAGEMENT OF
THE NORTHERN BEACHES HOSPITAL**

Name: Mr Rob Abbott

Date Received: 22 July 2019

Common Sense must prevail, Just plain stupidity to close two local hospitals and open one private miles from here with a growing population on the northern Beaches, our local politicians have been a total disgrace, this save Mona Vale hospital has been going for twenty years, I suffered a heart attack a few years back and would have died if Mona Vale hospital had not been there. We have been sold out. the new NBH is a great place BUT too far away for us on the beaches. Blind Freddy knows that but he is not a polly !!!
