**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Ms Corinne Feldmann

Date Received: 25 July 2019

I would like the committee to consider the way in which battery cages are kept. I believe it is cruel and unnecessary to keep chickens in cages for their entire short life just to serve human beings. I would like to see this practices phased out and support free range hens, where they can at least experience life as a chicken should.

Chickens, ducks and other poultry did not evelove for human beings. They have a right to live as well without cruelty.
