**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Ms Maria Lagos

Date Received: 20 July 2019

Dear Committee members,

Please coffee to phase out battery cages. I believe out is cruel to confine hens to such small spaces for the entire lives.

Europe, New Zealand, Canada, and some US States have already phased them out as the evidence that this is a cruel practice is now undeniable.

Kind regards,
Maria Lagos
