No 76**

## **INQUIRY INTO KOALA POPULATIONS AND HABITAT IN NEW SOUTH WALES**

**Organisation:** Wildlife Carers Group

**Date Received:** 31 July 2019

---

To avoid extinction we recommend to stop logging, less roads developed, warning signs where Koalas habitat showing Koalas crossing and to give way. Wildlife corridors may assist to prevent collisions. Vehicles have been fitted with sensors to prevent collisions. Making these sensors compulsory would also prevent human and other vehicle collisions.

To declare that the entire animal kingdom be given equal rights as humans.

To Legislate our Animal Welfare Act and Bill.
