**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Name suppressed

Date Received: 27 July 2019

Partially
Confidential

To the Koala Crisis Inquiry

All evidence indicates that Koalas are dying at an unprecedented rate. Weak habitat clearing laws and urban development are reported by expert scientists to be the primary reasons for an unprecedented decline in numbers.

Your Inquiry needs to find out the true facts and present the government with solid evidence recommending urgent and drastic action to save our Koalas.
