**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Name suppressed

Date Received: 31 July 2019

Partially
Confidential

I am deeply concerned by the threat to one of the only healthy koala populations left in NSW. This comes at a time when the NSW koala population has been classified as functionally extinct. At the very least please consider a different site that does not threaten an important habitat for such an iconic Australian animal.
