**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Mrs Terri Hanlon

Date Received: 31 July 2019

I am writing to you for HELP
The land clearance for homes buy lend leasr
and other developers has not considered the long term affect
On the southwest koala population
Every day someone wether it be RMS are clearing for new roads
Or develoerse for new housing
We must consider the long term consequences of our actions
Australia is responsible for the extinction of more mammals
Than any other country in the world
But we are also the home of some of the most unique animals
We can be a leader of conservation and conservation tourism
But if we don't intervene now we won't have any Koalas left in NSW
We can allow destruction to happen but once the land runs out
And the native species are all gone
What will this government state and federal
Say to the us the people of Australia
Stop the destruction the extinction the Greed
