**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Mr Bruce McQueen

Date Received: 1 August 2019

If the NSW government does not care to save our iconic koalas, then maybe it is time that the Liberal and National parties went extinct.

Koalas are worth a thousand times more than every LibNat in this State added together - from Berejiklian and Barilaro right down to the lowest functionary in the most insignificant MLCs office.

A pox on all of you.
