The creation of the Great Koala Park and the implementation of other NPA reserves is vital to protect the vulnerable koala species in NE NSW.

Development in SW Sydney should not come at the cost of koala and a national park should be created in that region.

Heavy logging should be ceased in areas identified as koala habitat, any logging should be selective and low impact.

Protect areas identified by Dept of Environment and Heritage as important for koalas.

Local government need to map and preserve koala habitat.

Koala habitat protection, SEPP 44 needs to be strengthened to preserve and protect koala habitat.
