**INQUIRY INTO KOALA POPULATIONS AND HABITAT IN
NEW SOUTH WALES**

Name: Name suppressed

Date Received: 2 August 2019

Partially
Confidential

I would like to see strict legislation for keeping our wetlands and bush for future generations. I also object to the felling of trees on privately owned land where fauna and flora lose their habitat, especially the koala hubs which exist throughout NSW.

The koalas of NSW are becoming fewer by the year and the NSW Parliament is not helping in protecting these vulnerable species. Please please put legislation into place so that koalas and other endangered species and their habitat are protected on both public and private land.

Thank you in advance for saving NSW for future generations.
