**INQUIRY INTO MODERN SLAVERY ACT 2018 AND  
ASSOCIATED MATTERS**

**Name:** Mr Mick George

**Date Received:** 17 August 2019

---

IT WOULD not be a surprise to anyone that PROSTITUTION or SEX WORKERS are slaves. Leaving out AUSTRALIAN born sex workers the rest of the women who are mostly Asian, Chinese born and are recruited from these countries either directly or recruited from so called Universities to work as Prostitutes. Their passports are held by the brothel owners for years until they pay off debts that include the cost of getting here, breast implants and the cost of getting back to their country of origin to get their passports stamped so they can return to Australia or stay home. If their debts are not paid they don't go home to renew their passports so then they are used as sex slaves. The current price of a half hour visit is \$130 with more money payable as extras are provided. This includes natural oral sex and vaginal sex until ejaculation. The women are moved all round NSW and stay in motels in big and small country towns as well as the city. This situation has been known for decades but nobody seems to be worried about it even in this so called new legislation.

.Prostitution is LEGAL but SLAVERY is not so it's about time it was included as a separate category. As Asian Prostitutes are not for the most part Australian citizens they should have their PASSPORTS WITH THEM so they can escape from the SLAVERY they are in. I am in no doubt that what I have said above will never be enacted. please excuse my spelling mistakes. yours Mick George.
