**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mrs Cindy Hickman

Date Received: 30 August 2019

my concern re the added height of the dam wall is that it will damage the natural undergrowth and the heritage of indigenous peoples sacred lands and their connection to their homeland - the magnificent beauty of the trees and the walks too, are part of the amazing beauty that should remain open for people to venture into and enjoy ... there is plenty of other land that can be built on for housing and many others places where water could be collected ...
