**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mrs Sally Humphrey

Date Received: 30 August 2019

Please don't raise the walls on Warragamba Dam. We have the honour of being custodians of the Greater Blue Mountains World Heritage site, and we should keep its integrity for future generations. Meeting the needs of a growing appetite for water can be done sustainably.....water harvesting by buildings, recycling water waste and so on. Please fast track these alternatives.

Yours sincerely,
Sally Humphrey
