**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mrs Helen Ryan

Date Received: 30 August 2019

With climate change a danger to our future. I consider population growth the worlds main problem encouraged by greed.We must stop immigration.NOW.Stop telling other countries not to cut down trees when we have already done so.

WE do not need to cover anymore land with concrete to make a small few loads of dough. WE are all going to die!! You can only eat so much drink, drive so many cars wear so many clothes in a lifetime.

No trees No o2 No O2 No breathe.

THIS INCLUDES YOU!!!!!!!
