**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Miss Lathalia Song

Date Received: 30 August 2019

Please do not raise the level of the dam. I have researched the history of the Gundungurra people from this area, it is culturally significant, I am an artist and writer who deeply respects the indigenous people's land management and sustainable practices. Also it is urgently concerning that Sydney councils continue to ignore the climate emergency. Australian land cannot sustain mega cities. We are meant to be a linked version of cities and towns, due to the lack of rainfall and soils that need careful fire management. It is time that we paid attention, limited our curries and town froth depending on realistic resources. We can no longer pretend that the earths resources are limitless. Make a clear stand and say no, it's tome to act responsibly for future generations.
