

**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Name suppressed

Date Received: 31 August 2019

Partially
Confidential

Dear Sir, I do not believe in raising the dam wall. I do not want more wildlife or habitat lost just to accommodate more people in the area. I I know that our wombats live in this area as I have visited the area and it is too precious to loose. I don't believe the people in the area want this dam wall raised. I don't want this government destroying this landscape which is far more important than putting people there. STOP this stupid proposal.
