**INQUIRY INTO PROPOSAL TO RAISE THE  
WARRAGAMBA DAM WALL**

**Name:** Mrs Lynette Edwards

**Date Received:** 31 August 2019

---

My submission is re the raising of the Warragamba Dam wall.

I believe that there will be no reasonable advantage of mitigating flood risk and that raising the wall will in fact encourage more housing development in flood prone areas thereby putting more people in danger.

Raising the dam wall will cause loss of habitat fro critically endangered animals and birds.

Raising the dam wall will cause the loss of significant indigenous cultural heritage.
