INQUIRY INTO PROPOSAL TO RAISE THE WARRAGAMBA DAM WALL

Name: Ms Yvonne Lollback

Date Received: 2 September 2019

Please don't raise the Warragamba Dam wall as it has too many negative repercussions on the land that will be flooded above at times. It will NOT secure the land below such as Penrith from flooding as there are other rivers as well. It is only an attempt by developers to build on land which will always be flood prone.
