**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mrs Maria Bradley

Date Received: 31 August 2019

I strongly object to the raising of the dam wall.

It will have an irreversible impact on a World Heritage Site, on the habitat of 24 Threatened Species and over 50 Aboriginal sites.

There is no public demand for the wall and in fact the public are horrified that this could take place.
