

**INQUIRY INTO PROPOSAL TO RAISE THE  
WARRAGAMBA DAM WALL**

**Name:** Name suppressed

**Date Received:** 1 September 2019

---

Partially  
Confidential

Dear Committee Members,

The raising of Warragamba Dam wall will create unacceptable risks to the World Heritage values within the catchment area. Raising the dam wall will enable inundation and irreparable damage to a large area of high ecological and cultural significance.

I wish to register my strong opposition to any raising of Warragamba Dam wall. I urge the Committee to do everything in their power to conserve and protect the natural and cultural heritage of the region.

Sincerely,
