**INQUIRY INTO PROPOSAL TO RAISE THE  
WARRAGAMBA DAM WALL**

**Name:** Mr Jason Quinton

**Date Received:** 5 September 2019

---

I believe that the true motive behind raising Warragamba dam wall is for Development of land currently deemed as flood zone.

It will change our semi-rural landscape into an overpopulated, underequipped nightmare. the infrastructure just doesn't exist for this.

The voters have been ignored at the whim of councils and developers for too long.
