**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mrs Marie Morris

Date Received: 5 September 2019

I object to the raising of Warragamba Dam wall as it would destroy a valued area of a world heritage area and aboriginal sites. It would have no effect on flooding on the plains as water comes from higher up the Nepean river Please consider what this will do to flora and fauna and aboriginal sacred sites which have not been properly accessed. Do not give in to developers on the flood d plain

Sincerely. Marie Morris
