**INQUIRY INTO PROPOSAL TO RAISE THE
WARRAGAMBA DAM WALL**

Name: Mr Nick Baldas
Date Received: 6 September 2019

Raising of the Warragamba Dam

Dear Members of Parliament,

Hi my name is Nick Baldas and I am an Australian citizen living in New South Wales. I would like to submit my objection to the proposed raising of the Warragamba Dam.

Why? Here are my concerns:

- Destruction of native wilderness (flooding).
- Destruction of natural ecosystems (flora & Fauna).
- Increasing the extinction of endangered flora and fauna.
- Destruction of ancient/traditional indigenous aboriginal sites.
- Proposed dam raising will not alleviate flooding down stream.
- Due to climate change will we actually get water for the dam? Parliament should recognise we are in a climate emergency and act NOW.
- The whole proposal is driven by funding for the current political party in power (LIBERAL Party)

Thank You

Nick
