**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM  
BILL 2019**

I wish to express my absolute disgust at silencing the whistle blowers who uncover some horrific truths that occur in the agricultural industry. No-one has the right to treat animals the way they have been mistreated in the past and continue to be. I propose cruelty to animals and obvious suffering that they endure in factory farms has to stop and those found guilty of mistreatment need much stronger, harsher penalties imposed on them.
