**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM  
BILL 2019**

**Name:** Mrs Rebecca Duffy

**Date Received:** 25 September 2019

---

The public have the right to transparency in the Agricultural industry. We want to see all slaughterhouses and animal farms have 24hr unrestricted surveillance, accessible by the public, to ensure that the treatment of animals is ethical, respectful, and hygienic. Suppression of this right only shows us that you have something to hide. If the government can't commit to providing the public with genuine, trustworthy information, the public are put into a very difficult position. This is where people have taken it into their own hands, out of desperation at the terrible conditions animals are being forced to experience. We expect much much more from our government, and we should be leading the world in our treatment to animals. Please support the positive steps towards transparency in Agriculture.
