**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Ms Deborah Olds
Date Received: 26 September 2019

Given the lack of transparency, and extreme self-interest, of farmers... we need to be able to access agriculture to ensure that the continued abuse and illegal practices of farming is curbed and STOPPED. The only reason to support this bill is to hide illegal & cruel practices taking place in Australia. We are archaic compared to the civilised world in how we treat animals, and it is the most important time in history to make sure our farming industry does the right thing - technically & morally. They cause so much damage to our country and should not be allowed to hide it, NOR SHOULD POLITICIANS BE ALLOWED TO HELP THEM hide it. They refuse to adapt to the modern world or accept responsibility for what they have created and support: droughts, animal abuse, extinction of wildlife due to clearing... it is CRIMINAL! We must be able to monitor this industry, as we do with ALL industries. They are NOT ABOVE THE LAW
