INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM BILL 2019

Name: Mr Rohan Laxmanlal

Date Received: 27 September 2019

Why are we punishing people for doing what the government should be doing - cctv footage of where our food comes from ? It is good we deter people away from animal agriculture. It is clear in 2019 it is bad for world starvation, the environment, human health and goes against animal rights. Animal activists are not damaging property or invading people's homes. They are good people, essentially working for free.
