**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Mr Douglass Hitchon

Date Received: 30 September 2019

Please support farmers in regard to people trespassing on their properties and doing damage and getting a small fine for the difficulties farmers have to endure and financially put out of pocket. Farmers are seven day a week workers who struggle to make ends meet as a result of Mother Nature giving them a particularly hard time of late.

Farmers don't ask for much and absorb a lot of unforeseen circumstances so these people who aim to disrupt there working days and add to financial as well as family stress should be more than given a small fine the should be given a huge fine and maybe jail for a second offence.

Me personally would like them to work on a farm and see the hard ships farmers are subject to.

Please I ask again support our farmers let them know you care..these hard working men and women are the back bone of this country without them we have no exports of farm produce and we will also have to import much more for the country to survive.

Thank you in advance.
