**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM  
BILL 2019**

This bill will hide the truth behind the animal harming industry. As consumers, people have the right to access the truth and make choices based on what goes on on these farms. This bill shows these animal harmers DO have things they want to hide, they are being cruel to animals and they are afraid of being exposed. I am grateful that I have been able to witness the truth of what happens on Australia farms. I am grateful I can make my own choices based on the horrendous footage people have been able to capture. If people want to support this they deserve to know what they are really supporting and the suffering that goes into it.
