BILL 2019**

Dear Committee members.

It concerns me greatly that differing viewpoints cannot be voiced & accepted without the need for some type of militant action. It is not acceptable to me that persons can trespass, damage property, livestock, etc in any capacity & particularly to farmers simply trying to earn a living.

There now appears to be a need to tighten regulations & laws to ensure those that behave in this manner accept there will be harsher consequences than before which may cause them to think twice before taking action.

I applaud the Nationals for taking this step to propose stiffer penalties and urge the committee members to support all their recommendations. It is as much a basic right for a person to feel safe within their chosen profession without the fear of abuse & worse from those that cannot accept the correct method afforded to all for their point of view.

You must take a stand for this most basic of rights by supporting the proposed legislation.

Thank you for taking the time to read my submission.
