**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Ms Sonya King
Date Received: 29 September 2019

Animal welfare matters, most Australians do not support animals cruelty but The public are in the most part unaware of the horrific cruelty that is involved with animal agriculture.

It is ridiculous that the exposure of this cruelty is at risk and in fact the penalties for exposing cruelty are worse than for those commuting animals cruelty.

If it was a person being tortured and murdered, those exposing it would be hero's. It would be fine to trespass to rescue these victims however of the victims are animals why are they not protected.

If there was more transparency and more focus on animal welfare people would not have to put themselves at risk to expose the terrible cruelty.
