**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Miss Heather Mackenzie

Date Received: 27 September 2019

Dear Members of Parliament.

I just cannot believe the brazenness of these people who want to victimise our farmers! It is just straight from the Devil himself. They are non-believers in God and the Bible and I dread what eternity will be for them. If they want to live on vegies, fine, that's their choice. At best, they are trespassers and disturbers of the peace. At worst, they are doing the Devil's work against the benefit of mankind and the blessings of God.

Australia is such a rich country - rich in natural resources and rich soils. These are gifts from God to be used for the benefit of mankind. Even in Bible times there were keepers of flocks and herds and that is what God has given us the animals and land for. Even in the New Testament God said to Peter: Arise, Peter, slay and eat, for every creature of God is good. Farmers are the very backbone of the Australian economy, providing food for our nation and the world. The quality of Australian meat and grain is second to none in the world and we should be PROUD of our national heritage.

This doesn't condone cruelty to animals. I believe sport hunting is cruel and wrong. But farming of livestock, crops, etc is a profession for all Australians to be proud of.

We have a wonderful country - let's get behind it and support it and not work against it! We have a precious gift from God so let's appreciate and nurture it!

Our farmers are our national heroes!
