**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Mr Anthony Thompson

Date Received: 27 September 2019

This submission should be made a Law to protect our Farmers and Primary Producers from the trespassing of non-authorized persons onto their properties. It should hold the same penalties and sentences like those imposed upon trespassers who illegally enter Construction Sites, Factories, Defence Establishments and all other Private Enterprises and homes.

This Bill should also protect the owners from litigation should any or all persons be injured in the process of trespassing or being removed.

I find it difficult to understand why this Bill is not already in place.
