**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Mr Bruce McQueen

Date Received: 30 September 2019

This Right to Farm bill has little to do with protecting those farmers who are carrying out their businesses in a lawful and humane manner. This bill represents yet another step down the road to shut out all meaningful public participation in how we are governed. This anti-democratic disgrace of a Bill must not become law in this State. Unless, of course, the Berejiklian government aspires to ruling over a fascist police state?
