**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Name suppressed
Date Received: 28 September 2019

Partially
Confidential

With or without this bill, a conversation will continue, and we cannot continue to profit from pain and cruelty. We will collectively prove to ourselves as a society that vegan focused farming can be the least hurtful for ourselves, the land and all sentient beings.

I am hoping to exist in a society that prioritises health over profit, and will persue to develop community regardless of the challenges.
