**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Mr Matthew Stellino

Date Received: 28 September 2019

This is a disgusting and blatant attempt to hide the truth from consumers & punish the wrong people when heinous acts of animal cruelty are committed.

The truth that this law fails to address is that animals are sentient creatures with the right to life.

You might as well call this bill - 'the right to own slaves and murder them when they can't make me any more money' because you are putting the financial interests of a business over self aware life.
