**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Ms Sarah Stephenson

Date Received: 29 September 2019

The intended penalties for those who are simply trying to expose the mis treatment of innocent animals who cannot protect themselves, are unfair and ridiculously harsh; in fact disproportionately higher than the penalties given to those that inflict the harm and suffering. Australians are a nation of animal lovers and deserve to be able to make informed choices about where their food comes from. By putting these fines in place, you are supporting animal suffering and denying consumers the right to the truth.
