**INQUIRY INTO PROVISIONS OF THE RIGHT TO FARM
BILL 2019**

Name: Name suppressed
Date Received: 29 September 2019

Partially
Confidential

Every farmer has the right to farm his land without the intrusion of trespass, as every individual has within their own home. We are losing much of our food bowl to the urban sprawl, our country is in the worst drought and water is becoming more scarce.

It is becoming necessary to lot feed cattle if we are to continue supplying food for Australia.

I assume these protestors/trespassers are vegans, live in the city, work in a air conditioned office and haven't a clue as to the difficulties and work involved in running a farm to earn a living.

I would like to see these trespassers charged and hit with heavy fines and penalties.
